Message from Tora:

Man, I completely understand what Akuto is feeling, he's like me...My spirit animal. His classmates are annoying, seriously cried after some usual Akuto shit-talk. Anyway, still working out the kinks in chapter 6's script (6 more pages to translate and much to tweak after). It's kicking my butt... And I'm back home with a hundred more distractions, so I don't know if I can focus like I did stranded in another country. But at least I don't have to worry about losing wifi or electricity! I also like to take the moment to recognize I read Amahisa Shou's name wrong. Enjoy!
